

Passed 2hr fire rathing

Passed 2Hrs JIS Fire rating / Certi No. 02C095/JIS S-1037
Passed 15min, JIS impact test

Passed NT Fire 017-120, SP Fire rating / Certi No. 106604/SPCR002
Passed 2Hrs KS Fire rating / Certi No. 2002-115/4500

The foot & Drawer can be assemble or disassleble.

■ Features

- ▶ Designed to maximize fire resistance
- ▶ Maximization of fire resistance by an exact fit between the door and main body
- ▶ Ensuring a high level of security through a dial lock feature that allows to change the combination of numbers and an automatic lock system for the double security
- ▶ **Digital Type** : User-friendly angles and color of buttons increase its functionality
- ▶ **Fingerprint Type** : A high recognition rate and exceptional security
- ▶ **Choice of lock system** : Digital, Dial Combination, Fingerprint and Two Key type
- ▶ Two hour fire resistant capacity (KS, JIS, SP)
- ▶ Improved performance through the thick fire resistance wall
- ▶ A separate drawer installed at the bottom in-side the main body
- ▶ A sufficient number of shelves installed

- Fittings : 1Lockable Drawer, 2Adjustable Shelves

* Foot(H) 80mm & Handle(D) 44mm is included

Digital Type

This product is equipped with a digital lock that can be unlocked by entering 2 -10 digits. The position and angle of the key pad allows users to enter these digits most conveniently. In anticipation of unforeseeable trouble, there is also an override code provided for safety.

Fingerprint Type

The level of security of this type of safe is exceptional, because after you initially store your fingerprints and then scan your finger to open the door, the safe will verify the stored fingerprints and then transmit the signal.

Since the registered fingerprint is the only key, it eliminates the inconvenience of carrying a key around and the danger of copying the key or losing it, thus this system ensures safety and security.

Most of all it is so ergonomically designed and crafted in terms of its position and angle that it provides the most convenient access in an office working environment.

In anticipation of unforeseeable trouble in the fingerprint sensor system, there is also an override code provided for safety.

Dial Type

A much improved high quality chrome finish on the surface of the dial renders the three dimensional and metallic feel and clockwise and counterclockwise dialing when working with number combinations strengthens its safety and security.
